

Field Report: Colorado

BIO ENERGIZER removes 47% of the sludge blanket in Pond # 1

Presented below are the before and after sludge blanket profiles of ponds 1, 2, & 3 of a City in Colorado wastewater lagoon system

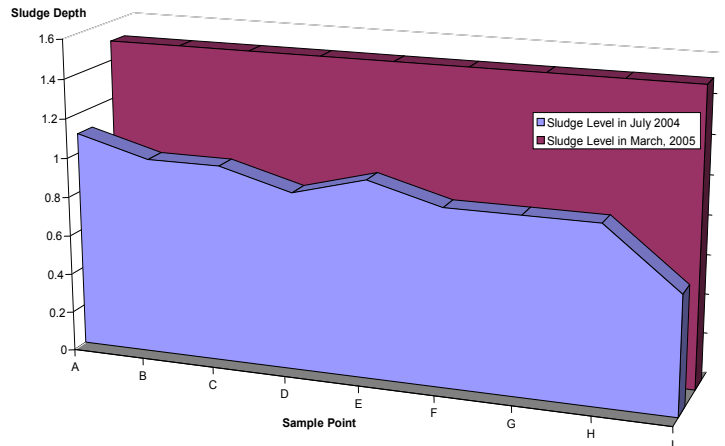

47% Overall Sludge Blanket Reduction in Pond # 1

Sludge Blanket Profile of the City in Colorado Pond # 1 Before and After Adding BIO ENERGIZER

41% Overall Sludge Blanket Reduction in Pond # 2

Pond # 2 Sludge Blanket Profile for City in Colorado Before and after Adding BIO ENERGIZER

12 % Sludge Blanket Reduction in Pond # 3

**City in Colorado Pond # 3 Sludge Blanket Profile
Before and After Adding BIO ENERGIZER**

Using BIO ENERGIZER is saving the City thousands of dollars in mechanical dredging, hauling, and disposal costs. Lagoon de-sludging using BIO ENERGIZER is typically one-fifth to one-tenth of the cost of mechanical dredging and land applying or land filling sludge.

BIO ENERGIZER is a broad-spectrum bio-activator containing over 29 essential microbial growth-promoting factors. By design, BIO ENERGIZER is a balanced formulation of vitamins, trace nutrients, enzymes, organic acids, and bio-stimulants that motivate the existing microbial community to greater metabolic capacity and efficiency. BIO ENERGIZER is a not bacterium.

For over fifteen years wastewater operators have continued to use BIO ENERGIZER to cut their sludge hauling costs.

Operators Using BIO ENERGIZER Report:

- 1) **The elimination of expensive dredging costs.** BIO ENERGIZER converts sludge into gases and water, reducing sludge accumulations. No draining, drying, excavating, or inconvenient down time.
- 2) **The reduction of odors and aeration costs.** Probiotic enhance aerobic and facultative biological eco-systems to reduce the production of objectionable and offensive odors and enhances dissolved oxygen levels.
- 3) **Increases in BOD removal efficiency.** BIO ENERGIZER improves treatment plant removal efficiency to increase plant treatment capacity and more easily meet effluent requirements.

BIO ENERGIZER enhances endogenous respiration for faster and more complete oxidation of sludge into carbon dioxide and water. BIO ENERGIZER is non-toxic, safe, and presents no danger to personnel.
